Madison Elects Mayor Tomorrow

4 Candidates Seek To Fill Term of Late Mayor Maeras

Madison voters will go to the polls tomorrow to elect their first new mayor in 28 years.

Balotting will be in five polling places, one in each of the city's five wards. Polling places will open at 8 a.m. and close at 6 p.m.

The newly elected mayor will fill the office left vacant by the death last Feb. 16 of the late Stephen A. Maeras, Madison's only mayor since it became a city in 1942. Nearly three years of the term remain until the next regular mayoralty election in April, 1973.

Four candidates are bidding for the office in a spirited campaign that appears certain to bring out a heavier than usual vote in Madison municipal balloting.

Particular interest has been injected into the campaign by the candidacies of Acting Mayor Ray Kozielek and Mike Sasyk, president of the Board of Police and Fire Commissioners.

Opposition of the two officials, both among the leaders of the Madison City Organization and both former associates of the late Mayor Maeras, has split the city organization, as well as all city employees, primarily into two factional camps.

Mrs. Lewis in Race
Also seeking election to the mayor's office Tuesday is Mrs. Louise Lewis, wife of the late Associate Circuit Judge Austin Lewis, and John H. Moore of West Madison, a state employee who was removed from his job because he filed as a candidate in the mayor's race. Judge Lewis was formerly corporate counsel of the city.

Because of their official positions in the present Madison city government, both Sasyk and Kozielek have campaigned

Robt. Leu Denies Madison Election Role; City Probe

A two-pronged investigation was launched during the week-end by a group of Madison city officials. One study deals with the extent of interest, if any, in tomorrow's mayor election by Robert Leu of Chouteau township, a former Madison politician.

Also under investigation is Sunday's publication of a circular purporting to criticize one mayor candidate, Mike Sasyk, and another as a pirate, Ray Kozielek.

It was undisputed that referring to "this committee," and the municipal officials of an Illinois statute outlawing anonymous election handbills. An official told the Press-Record that information is being assembled for court action against anyone responsible for the circular.

Two instances of alleged activity by Leu to aid the Kozielek campaign were denied today by the veteran politician, who acknowledged that he once was active in Madison elections and said, "I was down there, I would be."

Leu, who resides on Rural Route Two, Granite City, noted that his wife is a patient at St. Luke's Hospital, St. Louis, and that he was hospitalized "from spring into the fall" last year. He no longer drives his own auto due to ill health, he pointed out.

Have Not Seen Leaflet
"Those reports were probably started by Sasyk's friends," never even heard of Kozielek before the campaign, and I don't hear anything about circulars until Friday and I still haven't seen one of them," Leu told the Press-Record.

Pay Day Arrives For City Employees

Agreement in Court Includes Dispatchers; Further Action Pending

All Granite City employees, including two women police dispatchers, are being paid following an agreement negotiated by six employee unions and Mayor Partney Thursday afternoon at the court house in Edwardsville.

Related points in a long-standing dispute between the mayor and the city council regarding powers of the mayor to make appointments have yet to be resolved, but further court action is pending.

In a stipulation signed by Chief Circuit Judge William Beatty, city aldermen at an early date are to file a quo warranto suit against Mayor Partney to determine what right, according to law, he has to make appointments and set salaries.

All parties in the salary and women dispatcher disagreement submitted to compromises to end the payless pay period which began on July 15.

Allow Judgments
Aldermen involved in the case agreed to payment of the amounts of judgments ordered by the small claims court for Mrs. Marge Hall and Mrs. Cleo Buttry, who have not been paid since March, and for Mrs. LaVesta Russell, recently assigned to the police desk, for two weeks of employment in another position.

The court on June 4 ordered judgments of \$1000 plus court costs for Mrs. Hall and \$982.90 plus cost for Mrs. Buttry, who subsequently resigned. Their salaries continued to be withheld, however.

Mayor Partney, meanwhile, agreed to employees present by operating as civilian dispatchers for the city will be replaced by members of the police department.

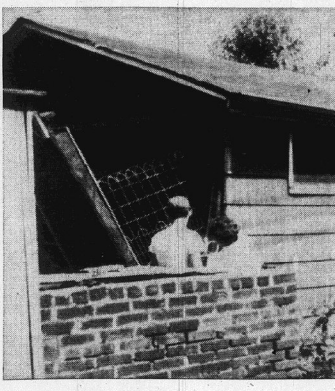

Pre-Trial Conference
The settlement was reached after 2 p.m. Thursday after attorneys Leon Scroggins, representing the mayor, and William Schooley, representing the unions, held a pre-trial conference which began in the morning in the courthouse.

Mayor Partney began the task of signing the pay checks including his own, on Friday morning. The salaries total about \$55,000 for about 145 employees.

Part of the stipulation reads: "A quo warranto suit against Mayor Donald Partney will be filed at an early date by the aldermen individually and as aldermen to determine the following issues:

"The authority of the mayor to appoint personnel of the administration of the police department and the right of the mayor to set those salaries without the advice and consent of the council, including the right of the mayor to make 30.

Unsigned Leaflet Sparks Madison Mayor Campaign

Circulation of a last-minute anonymous campaign circular attacking the candidacy of Mike Sasyk in tomorrow's Madison mayoralty election sparked the closing hours of the election drive yesterday and today.

The leaflet cited several of Sasyk's business enterprises and in one instance charged a conflict of interest in a business operation.

Text of the leaflet brought critical comment not only from Sasyk, but also from candidates Mrs. Louise Lewis and acting Mayor Ray F. Kozielek.

Sasyk noted that "Election day is upon us and it seems like over-eager supporters are resorting to anonymous publications or a last-minute erroneous, mud-slinging pamphlet."

"It seems to me," Sasyk said, "that any well informed person would realize that the voters today are not going to be swayed by low, derogatory and untrue pamphlets."

Violates State Code
Sasyk added that many times persons become involved in such election tactics "not knowing the penalty for the violation of the election code . . . it clearly states that the penalty for distribution of anonymous publications relative to candidacy shall be fined not to exceed \$5000, or imprisoned in a penal institution from one to five years, or both."

Mrs. Lewis charged that the authors of the leaflet used the campaign slogan she has used throughout the campaign — "Vote for What You Want or Take What You Get" — in an attempt to make it appear that she was responsible for the pamphlet. She said a copy of the leaflet had been placed in the door of her home.

This leaflet uses the slogan that I selected for my campaign and is one which I feel fits the situation," she said.

Winners Named in City-Park Jubilee Coin Design Contest

(Drawings on page 4)

Charles Pitts of 3828 Lake drive and Jane Gabriel of 3658 Terrace lane, both students at Granite City high school, were named first place winners in the Commemorative Art Medal contest to design a coin to commemorate the 75th anniversary of the city of Granite City and the 50th anniversary of the Granite City park district next year.

Announcement of the winners was made this week by Assistant Fire Chief Charles Hileman and Harry Feeche, co-chairmen of the contest. Each winner will receive a \$25 U. S. Savings Bond.

Second place award, which will be a \$12.50 serial number of set of bronze and silver medals, will be presented to Dennis Gilmore of 1503 Kirkpatrick homes and Mrs. Florence Torpe of 2604 Edison avenue.

75 Entries
Of the 75 entries submitted, 30 designs were entered for the park district side of the coin and 45 for the city. All those who participated will receive a bronze medal which will measure 1 1/2-inch when minted.

The winning design of the city shows a ladle of molten steel being poured. At the side is inscribed, "Industrial Magnet of the West" with the numeral 75 centered in the inner circle. The outside edge of the coin will be engraved with "Granite City, Illinois—Diamond Jubilee—1896-1971."

On the park district side, Miss Gabriel drew a replica of the ink which was used for the center portion of the coin, and incorporated an idea modified from a sketch submitted by Mrs. Tott which were used for the outside circle, depicting the activities of the park district.

The outer circle will be divided into four sections to include drawings of park district activities such as games, sports, swimming and the picnic areas.

The contest was conducted by Assistant Fire Chief Charles Hileman, Harry Feeche and Russell Ames, all past presidents of the Land of Lincoln Coin Club. Judges were Eugene Alashi, art consultant of the Granite City school district; Howard Colquh, executive director of the Tri-Cities Chamber of Commerce, and Fecite.

Sale of the coins will be under the supervision of the Diamond Jubilee committee, and the coins should be completed by Jan. 1, 1971. Coins will be struck in high relief and will be available to residents and collectors throughout the world.

There are to be 5000 bronze coins made which will cost about 1000 Silver serial numbered coins to sell for \$10 each.

The official celebrations of both anniversaries will start during the last week of June 1971 and end with the Fourth of July celebration held annually at Wilson Park.

Advance orders will be taken when the first coins have been minted and are available for the public to view. This should be in early September.

State-Wide Communications
Granite City's police department has become one of the first law enforcement agencies in Illinois to link it to a state-wide communications network, Chief Ronald J. Veizer announced today.

The department has received 10 units as a part of the Illinois State Police Emergency Radio Network (ISPERN), the first police car-to-car communications system of its kind in the nation.

Six of the units already have been installed in six new patrol cars, and the other four will be installed within a few weeks, Chief Veizer said.

The ISPERN frequency will enable Granite City police to communicate with municipal, county and state law enforcement agencies immediately in emergency situations.

The units were furnished at no cost to the city by the Illinois Department of Law Enforcement.

GC Woman Burned As Blast Rips Home

Mrs. Kathryn Gray, 41, Hospitalized Sunday; \$7500 Loss to House

All four walls were blown out of a small frame house at the rear of 2148 Adams street in an explosion at 6 a.m. Sunday. Mrs. Kathryn Gray, 41, lone occupant of the house, told police she had struck a match and the blast occurred.

She was found wandering in the alley at the rear of the demolished house by the officers. She was in her night clothes and was in a dazed condition. "Her hair was badly singed," an officer reported.

Ambulance was summoned to take the injured woman to St. Elizabeth Hospital where she was admitted for treatment of first and second degree burns to her face and hands.

Firemen were summoned to extinguish small fires. They labeled the blast as a gas explosion but were unable to find any leaks. The gas heater in the living room had been disconnected for the summer, and the kitchen gas stove burners were off.

While the north and south walls were blown out, and the east and west walls ripped loose from the slab foundation, not a window in the house was broken, and only one cracked. A concrete stoop at the front door was blown several inches away from the foundation.

The blast melted plastic curtains, but fire damage was minor. Firemen set the loss to \$7500. The house is owned by Mrs. Minnie Pie.

Eagle Park Home Destroyed
Earlier Sunday, at 3:15 a.m., a fire of undetermined origin destroyed the frame home of Gruer Dennis, 214 Carver street, Eagle Park Acres.

Venice firemen, who were alerted the alarm, set the loss of \$2800 to the house and \$1000 to the contents. No injuries were reported. A Venice volunteer fireman, Chuck Burger, damaged his auto as he was answering the alarm and struck a utility pole. The damage was estimated at \$400.

Two auto fire alarms were answered by Granite City firemen Saturday night and early Sunday, and there was a false alarm at 9:30 p.m. Saturday, sending firemen and police to the 1700 block of Delmar avenue.

A short circuit in wiring caused \$15 damage to the 1970 small foreign car of Jesse Luer at 10:40 p.m. Saturday on the lot at St. John Union Church of Christ; and at 2:40 a.m. Sunday a fire in the back seat of a 1966 Ford parked in the 4300 block of Kirkpatrick homes caused \$10 damage to the car. The name of the owner was not listed.

Venice firemen were called at 10:20 p.m. Saturday to the north end of Lee Park to extinguish a rubbish fire.

Eugea-McCord Wedding Vows

Another one of the many summer weddings was that of Miss Robin Jo McCord, a daughter of former local residents, Mr. and Mrs. James McCord, 8 Agnes street, Cahokia, to Joseph Edward Eugea Saturday morning at the Immaculate Conception Church, 6215 Church lane, Centerville.

The Rev. William Hittpass officiated at the double ring ceremony and bouquets of white summer flowers accented with urns of white daisies interlaced with greenery adorned the altar.

The bride was escorted down the aisle and was given in marriage by her father. She was dressed in a white satin gown with an Empire bodice and tiers of imported Chantilly lace on the ruffled skirt, the lace cascading down the full train.

A crown of white daisies secured the veil of lace and the bride carried a formal bouquet of white daisies.

The bridesmaids, sisters-in-law of the groom, were Mrs. Karen Eugea and Mrs. Belinda Stroble.

They appeared in a rainbow of pastel colors, while the junior bridesmaid, a sister of the bride, Miss Tracy McCord, wore an ankle-length gown of yellow chiffon.

Other attendants were nieces, Cindy and Kelly Manning of Granite City, attired in pink and yellow gowns. All members of the bridal party wore matching headbands of daisies similar to the one worn by the bride, as did the flower girl, Kim Holtermann, niece of the groom.

A nephew of the former Miss McCord, Shaun Manning, also of Granite City, served as ring bearer.

James Eugea was best man for his brother. A brother-in-law of the groom, Jerry Stroble, a brother of the bride, James McCord, a nephew of the groom, Larry Holtermann, and two more brothers of the groom, Walter and Johnny Eugea, completed the corps of groomsmen and ushers.

The bride's mother selected a street-length dress of beige linen with accessories of contrasting colors. The groom's mother chose a blue dress with matching accessories. Both of the mothers wore white carnation corsages.

A reception was held for the young couple later in the evening at the K of C hall in East St. Louis.

along similar lines and are presenting platforms that are parallel in many respects.

Sasyk is supported for the most part by the Madison City Organization, but a faction of organization members and city workers are backing Kozielek. Both Sasyk and Kozielek have pledged in campaign promises to revise the city's liquor license ordinance to eliminate the 4 a.m. closing law in favor of a 1 a.m. deadline commensurate with that of other communities in the area.

Moore has campaigned primarily in West Madison, where he has pledged the employment of more minority members in city governmental departments if he is elected.

As the campaign neared its end today, City Clerk John Bellcuff warned that a close watch on polling places will be kept throughout the balloting to avoid voting by persons who are not registered or who otherwise are not qualified voters. "Improperly executed" applications for absentee ballots already have come to his attention. As a result, absentee ballots were not sent to the applicants, he said.

He emphasized particularly that former residents of Madison who have moved recently to addresses outside the city are not eligible to vote Tuesday, and that new residents who do not meet regular voting qualifications also are ineligible to cast ballots in the special election.

Bellcuff noted that a qualified voter is a citizen who has lived one year in the state, 90 days in the county and 30 days in the ward of his residence. All voters must be 21 years or older.

The city clerk said credentials will be issued to all recognized poll watchers and challengers and that all judges, clerks and other election officials will be warned to be alert for anyone who tries to cast a ballot and is unqualified to do so.

He said the city's legal department and police department have been requested to cooperate with the state's attorney's office in prosecuting any violators of the election code.

Polling places in which voters will cast ballots tomorrow are:

First Ward, Fire Department building, 327 The Street

Second Ward, Public Library,

They also have pledged action that will take city employees out of politics and both have said they will turn to citizen participation in city government to help solve municipal problems.

'Atmosphere of Fear'

Mrs. Lewis has supported the present political organization with creating an atmosphere of fear among the citizens. She has spearheaded a door-to-door campaign with a promise to restore voters' rights in governmental matters and to eliminate intimidation of citizens.

containing Mrs. Lewis' campaign slogan, another without the slogan.

"The slogan 'Vote for What You Want or Take What You Get' has been my trademark throughout the campaign," she said.

"The people responsible for producing this smear campaign used my slogan in the copy without my knowledge. This was done to give the appearance that I am responsible for it."

Used Cards, Folder

"I always have had the courage to sign my name to anything written by me," she continued. "I would like it clearly understood that I have based my campaign on my cards and folders which bear my picture. It is my belief these two items tell the whole story."

"My effort has been to qualify on the basis of merit which includes the qualities of education, knowledge, determination and ability. Resorting to smear tactics has been left to the other candidates if they so desire."

The leaflets, which appeared in several variations of text but with a similar general theme, purported in at least one set of circulars to support the candidacy of acting Mayor Kozielek. The mayor said today that he "had nothing to do with preparation or circulation of the leaflets."

Kozielek said he was attempting to determine the source of the circulars and to halt their circulation.

'Not My Circulars'

"These are not my circulars," Kozielek said. "I knew nothing about them until I saw one of them late Friday. I don't know where they came from or who is circulating them."

"I have heard all kinds of rumors as to the source of the pamphlets. It is possible they came from Mike's (Sasyk's) political enemies."

"I have not campaigned in this way. I have gone from door-to-door and campaigned on the basis of my ability. This type of thing would destroy all that I am trying to do. It is possible this is an attempt to get us all fighting among ourselves for the effect it might have upon the outcome of the general elections in November."

At the same time, Chester McManaway, president of the Madison school board, said that old Fisk, a board member, cited a letter printed in the Press-Record Forum last Thursday by five other school board members, and said "their (the board members) change of attitude in board policy is a welcome change."

Political Promises

The letter to which they referred was signed by school board members Del M. Blumenstock, William G. Schreiber, Frank L. Dorrer, Sherrell L. Byrd and William Vavra, and said the members would not permit the Madison school system to be used as a political pawn by any candidate for the office of mayor in Tuesday's election.

The five board members said jobs in the school system had been promised in connection with the campaign, and noted there was no foundation of truth to such promises.

McManaway and Fisk said that "Most of us are aware of the fact that the Madison City Organization has dominated the majority of school board members in the past."

If the policy as outlined by the five board members is adhered to in the future, there is now some hope that we will be able to operate the schools free from the political pressures so potent and evident in the past."

"We welcome them aboard and hope they are sincere and not just talking for political campaign purposes."

U. S. Probe of Energy Productions is Urged

A recommendation that the Federal Power Commission investigate the entire energy problem in the United States, including gas, electric generation, low sulphur oil and possible gasification of coal has been made by Illinois Attorney General William J. Scott to the FPC at Washington, D. C.

Scott said such a federal probe would marshal all forces in the anti-pollution effort. It also would help guarantee necessary fuels for home consumers who, in Illinois, are being required under new pollution-control laws to convert from high sulphur coals to less polluting type fuels.

"This investigation could determine what needs to be done to develop more sources of polluting-free fuels such as natural gas," he explained.

Scott suggested the federal investigation to Federal Power Commission officials during a three-hour meeting with John Byrd, FPC chairman, and Gordon Grant, FPC secretary. With Scott at the meeting was Special Assistant Atty. Gen. Peter F. Passafiume.

Hit-Run Accident

Wesley Griggs, 1020 Douglas street, reported to Madison police Saturday morning that his auto was damaged at the left front when parked on Jackson street where it was struck by a hit-run motorist.

Muffler Charge

A charge of operating an auto with an improper muffler was placed against Thomas Martin, 1600 Mitchell avenue, who was ticketed Saturday at Jill avenue and Nameki road.

City's 1969-70 Expenses Exceeded Income

Expenditures out of the general corporate reserve funds for operation of city government departments during the 1969-70 fiscal year that ended April 30 totaled \$2,784,015 and exceeded all general fund revenues by \$158,194, according to a report by City Clerk Robert Stevens.

City income during the year amounted to \$2,625,821, including \$1,302,389 in tax receipts, the report said.

Stevens said in the annual report that tax receipts represented 53.03% of the income, with revenue from other sources amounting to \$1,323,432 providing the other 46.97%.

Because the city had fund balances in most accounts at the beginning of the fiscal year on May 1, 1969, the year ended with a total balance of \$187,385 in the non-transferable general reserve funds. Monies in the transferable reserve funds normally are used to supplement the departmental operating accounts.

Sewer Breaks Costly

Expenditures for repair of sewer breaks during the year amounted to \$300,832, drawn against the sewer maintenance fund, Stevens reported, but this sum does not reflect the additional payment of \$124,264 for sewer repairs directly out of the tax commissions fund.

The city received \$131,500 in flood disaster funds allotted by the Office of Emergency Preparedness during the 1969-70 fiscal year. These funds were applied toward bills for sewer repairs. Additional disaster aid funds have been received during the current 1970-71 fiscal year and also will be paid on sewer repair costs.

Expenditures during the year included \$183,877 for administration, or \$450 in excess of the appropriation of \$179,527. This total included \$69,166 in the legislative department; \$25,403 for the executive department; \$39,931 for finance and accounting; \$19,330 for the treasurer's office; \$25,359 for the legal department and \$24,995 for auditing.

Water hydrant rental for the year cost the city \$20,007 and contract costs for lighting streets and alleys amounted to \$51,853. Expenses for city planning amounted to \$63,400.

Below Budget Title

Total expenditures for fire department were \$404,540, or \$44,749 less than the budget. The cut below the budget occurred when the city failed to purchase a new fire truck that had been budgeted in last year's appropriation at \$43,000.

Salaries for the fire department for the year amounted to \$345,255.

Street department expenditures also fell below the budget projection because funds provided for a new road grader, street sweeper and a station wagon were not spent. Total expenditures for the street department were \$291,453, compared to an appropriation figure of \$356,303.

EARL says...

Experienced fishermen say the fishin' is good just before and during a rain.

Thursday morning it was raining in Granite City at 8:30 but at the lake a few miles out, the water was calm as a grey mist was rising in soft swirls. I started out with poppers, other top water plugs, switching to a Rapala, then various plastic worms. As the rains began about an hour later, I was still switching lures & moving all around the lake. Nothing.

10:30 came, it was almost time to get back to the store, the rains ended & I had come full round on the shore. Just one more time, just one more lure. Okay, last time, then—POW—I had a good one. Set hard, and again, Pump that rod, edge him over to shore, easy now he's coming up, don't give him slack, stand on your tail and wag all you want, I've got you hooked! Pull 'em to shore, well now, a respectable 1 1/2 lb. Large-mouth with the treble hook of a yellow Rooster Tail deep in his gullet.

Experienced fishermen say the fishin' is good just before and during a rain.

That's Earl Brother...

GC Swimmer Qualifies for U. S. Meet

KAREN REISINGER

VIII AAU Championships at Clayton-Shaw Park pool in St. Louis county.

In scoring two of four first-place victories Saturday and yesterday, the Granite City swimmer qualified for the National AAU Championships, to be staged at St. Louis, Calif., starting Aug. 26.

On Friday, July 17, the youthful swimmer also qualified for the 1500-meter (one mile) event in an AAU meet at Quincy, a qualification she missed by a half-second time lapse in winning the 1500-meter event at Evansville, Ind., on July 11.

In the same event yesterday, she also captured a first-place win.

At the Region VIII meet, Karen met qualifying times for the National AAU championships by taking first in the 400-meter individual medley and the 200-meter breaststroke. In the 400-meter IM event, she broke a Region VIII record of a time of 5:29 minutes, bettering the old record by 11 seconds.

The Granite City girl also achieved two other Region VIII marks, winning first in the 400-meter freestyle event and in the 100-meter freestyle. The latter record was set in 1967 by Vicki King, a member of the 1968 U. S. Olympic team who now swims for the nationally acclaimed Santa Clara swim club.

To participate in the Region VIII meet, swimmers previously had to meet qualifying times. Competitors numbered several hundred, representing a wide range of teams in Missouri, Arkansas, Kansas, Oklahoma and Illinois.

In achieving four first-place victories this weekend, Karen defeated Kathy Krieger, a 17-year-old swimmer cited by many as a future national champion.

All events won by Karen were in the women's open division. She is the daughter of Mr. and Mrs. Herbert Reisinger, 2242 State street.

Neal Keen Paces Field In Motorcycle Races

In the other semi-feature McMullan won, Seale was second and Ken Maise, third.

Heat victories went to Keen, Cape and McMullan. Keen was the fastest qualifier of the night and took the trophy.

Carmichael King of St. Louis won the consolation race for non-qualifiers.

Barbershop Singing Tuesday at Park Rink

"Keep America Singing" is the motto of a popular area singing group whose musical talents will be spotlighted for local residents Tuesday evening in the third "Music Under the Stars" concert to be presented this season at the Wilson park rink pavilion.

Starting promptly at 8 p.m., tomorrow's show will be open to the public without charge, according to Ray Voorhees, music director for the Granite City park district's summer program.

Based on the theme, "From Musicals to Barbershop," the second portion of Tuesday's concert will feature the talented Mississippi Valley Chorus, Collinsville Illinois Chapter of Barbershoppers, Voorhees announced.

The initial segment of entertainment will be presented by the Grade School Chorus, Junior High Chorus and the Adult Chorus. The three individual choruses, composed of local youth and adults, practice twice weekly at the Granite City high school under the direction of Voorhees.

A wide selection of favorite songs from various musical productions will be offered by the three ensembles, including "My Favorite Things" and "Oo-De-De" by the grade school singers, "Almost Like Being in Love" and "Younger Than Springtime" by the junior high school age group and "Some Enchanted Evening," "Stranger in Paradise" and "You'll Never Walk Alone."

presented by adult chorus members.

Formed on Jan. 28, 1969, the Mississippi Valley Chorus is among 700 member chapters of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. (S.P.B.E.S.Q.-S.A.).

Under the direction of George Holtzner, the group is making "great strides," according to Voorhees, and has already entertained many area service clubs and organizations.

In addition to providing a unique form of musical entertainment, the Collinsville chapter also has a service project—providing assistance to the Institute of Logopedics in Wichita, Kans. Many thousands of dollars are raised each year by the society for the institute which deals with children and adults afflicted with speech defects.

The S.P.B.E.S.Q.-S.A. was founded in 1938, with 26 men comprising the original group. Currently, more than 32,000 members are active, with every state and in most Canadian provinces represented. Chapters range in size from 25 to 150 members.

Barbershop Harmony is harmony produced by four voices, unaccompanied, with a high school choir consistently sung above the melody. It requires tone adjustment by acute ear sense, and rules of time, rhythm and words are often sacrificed to obtain a better blending quality, Holtzner explained.

Local residents are invited to hear the chapter's melodic program at 8 p.m. Tuesday, at the Wilson park rink pavilion.

Jaycees Seek Items For Benefit Auction

Another first-time project for the Granite City Jaycees—a community-wide auction sale—was announced today by David Partney, Jaycee president, who said the club is seeking donations of all types of miscellaneous items to be offered for sale to the public on Saturday, Aug. 8.

Partney also announced the appointment of Wayne Worthon as chairman of the auction project. Proceeds derived from the sale of donated goods will be used to finance youth and welfare programs sponsored in the Quad-City area by the young men's service group, Partney said.

"Any usable item, including furniture, appliances and similar household articles will be appreciated," the Jaycee officer said. A pickup service has been arranged for persons calling 878-3294 or 931-2866, Partney said. The time and location of the auction will be announced later this week, he added.

One Divorce Granted, Annulment Corrected

A divorce has been granted to Maude Susan Holt from Donald Lee Holt, both of Granite City, in Madison county circuit court. They were married Jan. 16, 1963, in Granite City, and separated last May 20.

Mental cruelty was charged. Custody of one child was given to the mother, and the father was ordered to pay child support of \$75 per month.

In an annulment announced last week, obtained by Judith Ann Turner, a minor, by her mother, Mrs. Betty Freeman, from Robert Otis Turner, the decree stipulated that a final decree of divorce or annulment from a previous marriage by the wife had not been obtained at the time of a marriage ceremony with Turner last Sept. 26, rather than as reported. Her former name of Judith Ann Freeman was restored.

Back to School Today For Miss Granite City

It was back to school early today for Miss Granite City. Ruth Ann Diak—after an exciting, but strenuous week of activity at the Miss Illinois Pageant in Aurora.

A phone call to the home of the local beauty-talent queen at 9 a.m. today found her already attending classes at Southern Illinois University—Southwestern campus. In addition to her college studies, the young woman also resumed her part-time job in a research office at the local university campus this morning.

"It was quite an experience," Mrs. George Diak, the reigning Miss Granite City's mother said. "Ruth Ann hopes that she did not disappoint everybody by not placing among the finalists."

The Diak family, together with several Granite City Jaycees who sponsored the Miss Granite City contest, were on hand at the West Aurora high school auditorium Saturday to observe the final segment of the Miss Illinois Pageant. Hundreds of other local residents viewed the contest on television.

The new Miss Illinois is Lynn Ann Alexander, 18, of Loomis.

Some Find Camping Cuts Vacation Costs

Fun-oriented, penny-wise American families are taking to camping this year as never before.

In these days of tight money and high prices, many families are planning camping vacations to cut costs with little or no reduction in fun and relaxation. They are finding that tents, trailers and campers often can be rented for a fraction of the price of overnight accommodations for a family of three or more.

Cooking most meals over a wood fire or portable stove shaves food costs—and the meals taste delicious.

The three major ingredients for a successful family camping vacation are good weather, good equipment and good health. The first is largely a matter of luck, and the second is the result of careful reading of catalogs, outdoor life and consumer report magazines and discussions with knowledgeable friends and neighbors.

People can help assure good health with just a few simple precautions. One suggestion is an early visit to the family doctor, to make sure that everyone is up to the challenge of a camping trip.

Camping is a bit more strenuous than motel living, so take it easy at first. If you develop aches and pains pitching the tent or loading the trailer, an aspirin or two will help relieve the distress.

Most seasoned campers pack a simple, inexpensive medical kit for the health emergencies that may crop up during a camping trip.

Packed in a light but sturdy box, the kit might include: an American Red Cross first-aid manual, antibiotic ointment, antacids, a fever thermometer, antihistamines, first-aid supplies, a kaulin-pectin mixture for diarrhea, milk of magnesia, liquid antibacterial skin cleanser, insect repellent, eye drops and sunburn cream.

A first-aid manual and a medical kit cannot substitute for a doctor's care. But in remote campgrounds, they can be the best friends a camping family ever had.

Mrs. Shirley Farley conducted a regular monthly meeting of the Democratic Committee women on Thursday evening, at the Levee District office here.

Discussions were conducted on several future projects and the November election. The next meeting will take place at 7:30 p.m. Aug. 27 at the Levee District office.

participating as Miss Springfield. She received the crown and scepter from Miss Dulcie Elizabeth Scripture, the retiring queen.

Miss Alton Area, Miss Blue Island, Miss Hoffman Estates, Miss Heart of Illinois and Miss Effingham were among the ten finalists.

Judith Anne Ford of Belleville, Miss America and Miss Illinois of 1969, was among the entertainers on the two-hour program Saturday. Another former Miss America, Debbie Bryant of Overland Park, Kan., served as mistress of ceremonies.

Miss Patricia Dineff, a teacher at Niedringhaus school, was Miss Granite City's accompanist and chaperone at Aurora.

New Essays by Head Of English Faculty

Three essays by Jack Ades, associate professor and chairman of the English faculty at SIU-SW, have been published.

The current issue of PMLA (Publications of the Modern Language Association of America) includes an essay on "Charles Lamb, Shakespeare and Early Nineteenth Century Theater." Ades is the first faculty member here to have an article in PMLA, considered by persons in humanities as the top journal in that field in this period.

"Lamb on Wordsworth's Excursion" by Ades appears in RE: Archival and Letters, published in Texas.

In the third article, "D. H. Lawrence on Cezanne: A Study in the Psychology of Critical Intuition," which appears in The Journal of Aesthetics and Art Criticism, Ades collaborated with John Adkins Richardson. Richardson is professor of art and design at SIU-SW. The two professors are next-door neighbors and "would rather write essays than pitch horseshoes," they say.

A native of Cincinnati, Ades received his B.S., M.A., and Ph.D. degrees from the University of Cincinnati. His doctoral dissertation was on "Charles Lamb and English Romantic Criticism."

Ades, whose articles have appeared in The Classical Journal and Papers on Language and Literature and other journals, studied at John Hopkins University, where he was a junior instructor.

Born in Gillette, Wyo., Richardson received his B.A. degree in fine arts and English literature from Eastern Washington College. He earned his M.A. and Ed.D. degrees in fine arts from Columbia University and taught at Fresno College in California before joining the SIU faculty in 1959.

Vast Number of Young Volunteers Aiding Others

Today, when all types of "silent" majorities are becoming vocal, it appears there still is one majority keeping quiet—the volunteer.

As a group, volunteers cannot be characterized by age or sex—they are young and old, male and female.

What sets them off from other groups is their unselfishness, and the spirit of quiet giving. Volunteerism is on the upswing throughout the nation, drawing upon people ranging from students to housewives.

The Young Volunteer hospital's three-year program involves 700 youngsters each year. It has four different activities for youngsters, starting at age 14. The unique section of the program, according to Mrs. Malamud, involves some 200 teenagers in Health Careers Exploration; they work at 74 different hospital jobs in a year-round capacity.

The youngsters are involved directly with the professional staff even to working in the operating room, assisting the anesthetist, the director said. During 1969, the volunteers put in 61,000 hours of work during their free time from school.

The program is especially geared to the youth who is contemplating a career in medicine. Mrs. Malamud said that of the 38 graduates from the Health Career program last year, all but two went on to medical school.

Campus Programs

One of the most extensive campus volunteer operations involves some 10,000 of Michigan State University's 39,000 students.

A full-time Office of Volunteer Programs at the Lansing school assigns students to 50 agencies and institutions.

In addition to working with disadvantaged children, the students work with the blind, organize community cleanup campaigns, and help move welfare mothers into new quarters.

Some campus projects receive federal assistance under anti-poverty program, especially for tutoring work.

Others receive contributions from local civic groups and business organizations.

This year, the Institute of Life Insurance is awarding small

Pickets Withdrawn at Chemico Metal Plant

A picket line at the new Chemico Metal Co. plant on Route 3 south of Hartford was withdrawn by the Carpenters Union today, ending a two-day shutdown of construction that grew out of a dispute between the carpenters and S. M. Wilson Co. over a contract interpretation.

Work on the plant construction was shut down Thursday and Friday when other workers refused to cross the carpenters' picket line. Pickets were established, it was reported, because the contracting firm refused to arbitrate the dispute.

Officials would not disclose the cause of the disagreement over contract terms, but it was learned the matter will go to arbitration by the Southern Illinois Builders Association, the body for withdrawal of the pickets.

Crash on Madison Ave.

Involved in a collision Friday evening in the 800 block of Madison avenue were autos driven by Robert Sorenson, 115 Cambridge avenue, Madison, who was making a U-turn, and Scott Wilson, 1308 Twenty-seventh street, who was traveling north. Sorenson was charged with improper lane usage.

James Bryant, Overland, Mo., escaped injury about 4:30 a.m. Saturday when his pickup truck hit the east end superstructure of McKinley Bridge. Bryant told Venice police he was traveling west and became confused over which lane to use.

Traffic Tickets

Vandal Damages Auto

Rodger Pelmeier, 2657 Adams street, reported at 10:50 p.m. Sunday that someone cracked the windshield of his 1967 auto. A chrome frame was bent.

Grants for specific student volunteer activities at the University of Cincinnati, Vanderbilt University in Tennessee, Wesleyan University in Connecticut, Georgia State University and Southern Methodist University in Texas.

However, much of the money comes from students themselves, often through a campus-wide fund drive. And many volunteers individually subsidize their own efforts.

Homemakers are also involved in service programs, especially in community projects that involve their own children.

The unpaid labor is concentrated in scout and parent-teacher organizations, political canvassing and fund-raising, teacher aid work, hospital and social work and drives for funds for health and welfare agencies.

Special Registration Centers Planned

Plans for a series of special registration centers at which newly qualified voters may register for the Nov. 3 general elections were announced today by Miss Eulalia Hotz, Madison county clerk. The registration periods also will make it convenient for presently registered voters to make any changes that might be necessary in their records.

The centers will be operated in various locations of the Quad-Cities over a varied schedule of dates up to Oct. 6 which is the deadline for registering for the Nov. 3 balloting. Those who may register as voters for the first time are persons 21 years of age or older before Nov. 3 of this year, with one year's residency in the state, 90 days in the county and 30 days in the precinct.

Miss Hotz said that even if a 21st birthday falls between the Oct. 6 deadline and the Nov. 3 balloting date, the person must register before Oct. 6. Registrations also are accepted at the county clerk's office in Edwardsville. A similar schedule of special registration periods also is planned throughout the county, Miss Hotz said.

May Replace Cards

Voters who do not now possess the Voters Certificate of Identification (pink card) with expiration of July 31, 1972, should check directly with the county clerk's office in Edwardsville to determine if they are properly registered. Miss Hotz said, "The voter's card has been lost, a duplicate can be issued only by the county clerk's office upon the voter's request."

The full schedule of special registration centers for the Quad-City area is as follows: Granite City—First Granite City National bank, July 31, Aug. 28 and Oct. 2, 4 p.m. to 7 p.m.; American National bank, Aug. 2 and Sept. 4, 4 p.m. to 7 p.m.; Tri-City Grocery, Bellmore Village, Aug. 15, Sept. 12 and Oct. 3, noon to 6 p.m.; Granite City Trust & Savings Bank, Aug. 14 and Sept. 18, 4 p.m. to 7 p.m.

families depend on appliances and electricity so much these days they're bound to have questions. And it isn't always easy to get an answer you can depend on. That's when I get called in. For instance, a homeowner may know he needs modern wiring but doesn't know what to do about it. Or he has a question about a new heating system, or what to do about a balky water heater. Whatever it is, it's my job to help solve the problem. People appreciate getting an objective, dependable answer from someone whose only purpose is to serve them. Yes, you make a lot of friends in this job.

State License Plate Forms to be Mailed

Illinois automobile owners are about to receive a convenient reminder concerning 1971 passenger car registration. Pre-printed applicants are presently being processed and, in the next five weeks, will be received by nearly 4,300,000 passenger car owners in the state.

Eleven men from the Post Office staff are working with personnel from the secretary of state's office to post the applications. In the first 4½ hours of processing 60,000 pieces of mail were handled for direct dispatch by train and truck.

Drivers wishing to retain 1970 license numbers will have applications at least 30 days prior to the Sept. 30 deadline for reassignment.

Mailing of the 1971 plates will not begin until about Oct. 15. After any necessary corrections are entered, applications need only be signed, notarized and returned with the fee and 1970 registration card. Fees are \$18 for cars up to 35 horsepower and \$30 for those over 35 horsepower.

Condemnation Suits Filed by Madison

They are located at 1341 Madison avenue and 1347 Madison avenue, described as being in a dilapidated condition and hazardous. Other defendants named are Margaret Pinson, American Surety Co. and the First National Bank in Madison.

TOP OFFICERS of Venice-Madison American Legion Post 307—outgoing and incoming—who were introduced at the recent installation ceremony. New Truck License Deadline Aug. 15

The deadline for display of truck license plates has been set for midnight Aug. 15, Secretary of State Paul Powell reminded today.

It should also be noted that since license plates are mailed as Third Class matter, applications for plates must be in the office of the secretary of state no later than Aug. 1, in order for the plates to be received before the deadline.

Powell noted that truck license plates can still be purchased directly from the auto insurance companies in the Centennial Building or at 9th and North Grand in Springfield, or in Chicago at 501 North Elston avenue, 5301 West Lexington, or 9901 Dr. Martin Luther King, Jr. drive.

'Save Sesame Street Fair' Set Wednesday at Mitchell

A variety of activities and special attractions are planned for the "Save Sesame Street Fair" to be given by a group of residents in the Mitchell area, in hopes of raising funds to keep the popular children's television show on Channel 9 on a continuous basis.

The fair will take place Wednesday from 5:30 p.m. to 8:30 p.m. at the home of Mr. and Mrs. Barry Murphy, 212 Warsaw Lane, just off East Chain of Rocks road immediately west of the Bel-Air Drive-In Theater.

All Quad-City residents who are interested in keeping the children's program on the air are invited to present a special magic show at 8:30 p.m. Mrs. Becker said the committee has completed plans for a hot dog stand and ice cream has been donated by the Pontoon Beach Dairy Queen.

State Hula Hoop Twirl Contest Here Saturday

Entries from communities throughout Illinois still are being received here this week in preparation for the first "Illinois Hula Hoop Championships" to be conducted in this section of the state, Mrs. Helen Bjorkman, summer recreation supervisor for the Granite City park district said today.

The state-wide championship event is scheduled for 1 p.m. Saturday at Wilson Park rink pavilion. The public is invited to view the contest, the program supervisor said.

Deadline is Wednesday for registration by city park and recreation departments, YMCA's and other community playground activity centers wishing to send an "All-City Champion" and runner-up contestant to the state championship meet, Mrs. Bjorkman said.

Among the youngsters competing for state honors and an opportunity to advance to regional and national finals in Hollywood, Calif., will be Juli Domitrovich, 11, of 3702 Kirkpatrick Homes, who captured the Granite City championship July 9, at Wilson Park rink, for the second straight year.

Local runner-up contestant, Lisa Roe, nine years, 2566 Ivy lane, the top competitor in the nine years and under age division, also will compete in the state event, Mrs. Bjorkman said.
